

AgentLink II EVALUATION

As AgentLink II comes to an end, we are seeking to understand its general contribution, and the way in which it should adapt to meet future challenges. Please help us do this by completing this short form and emailing it to sr2@ecs.soton.ac.uk or sending it to:

Eileen Simon
 Department of Electronics & Computer Science
 University of Southampton
 Southampton SO17 1BJ
 United Kingdom

Name: _____
 Organisation: _____
 Country: _____
 Email: _____

Tick here if you are an **AgentLink member**

Rate the contribution to you of the different AgentLink work packages:
1 means low contribution; **5** means high contribution

	1	2	3	4	5
WP1: Industrial Action					
WP2: Research Coordinator					
WP3: Education Training					
WP4: Special Interest Group					
WP5: Information Infrastructure					
Newsletter					
Website					
Roadmap					
Technology Conference					
Reports (software, etc)					

How important do you consider the following areas to be?

How well do you think that Europe is structured in these areas?

1	2	3	4	5		1	2	3	4	5
					Infrastructure: Middleware - Mediators - Ontologies - Semantic Web					
					User Confidence: Security - Trust - Reputation - Norms					
					Cooperation: Coordination - Coalitions Virtual Organisations - Grid - E Science					
					Architectures: Control Architectures - Multi Agent Architectures - Scalability Emergence					
					Semantics: Logics - Complexity - Specification					
					Methodologies: Development Methodologies - Toolkits - Environments					
					Decision Making: Reasoning - Learning					

1 means not important
5 means very important

1 means poor
5 means very well structured
