

## The 7th European Agent Systems Summer School

# EVALUATION FORM

We constantly aim to improve our programmes and we value your thoughts and suggestions on this year's Summer School. Please be constructive in your comments!

### GENERAL

1. Indicate your level of expertise in Agents and Multi-Agent Systems:  
Beginner / Advanced / Specialised

2. Which aspects of the School were most beneficial to you?

.....  
.....  
.....

3. What did you think about the content of the courses?

.....  
.....  
.....

4. What did you think about the level of the courses?

.....  
.....

5. Was anything missing?

.....  
.....

6. How did you hear about the EASSS05? (e.g. via a mailshot, word-of-mouth etc)

.....

### ORGANISATIONAL

1. What do you think of the overall schedule (length of courses, start/end times, breaks)?

.....  
.....

2. What did you think of the Student Session?

.....  
.....

3. Any comments on the overall organisation?

.....  
.....  
.....

4. How do you think it could be improved?

.....  
.....  
.....

**COURSE SPECIFIC**

Here is a list of all tutorials. Please let us know your thoughts about the courses you attended by completing the form below. Where questions have tick boxes please put a tick in the appropriate box.

**Key: 1 = Yes very 2 = Yes quite 3 = No, not much 4 = No, not at all**

1. **Introduction to Agents** (Luck & McBurney)
2. **Logics for MAS** (Jan Broersen and John-Jules Meyer)
3. **Planning in MAS** (Witteveen and Mathijs de Weerd)
4. **Natural Language Generation for Embodied Agents** (Emiel Krahmer and Paul Piwek)
5. **Agent Communication Languages** (Dignum)
6. **Game Theory** (Pauly & Harrenstein)
7. **Semantic Web Service Frameworks for Agents** (Payne & Domingue)
8. **Coordination & Development in Individual Modular Agents** (Bryson)
9. **Scaling Up Learning Agents to Real-World Problems** (Kudenko & Grounds)
10. **Verification of Multi-Agent Systems Via Model Checking** (Lomuscio & Penczek)
11. **BDI Agents in Service-Oriented and Model-Driven System Design** (Fischer)
12. **Organisation Oriented Programming in MAS** (Boissier & Sichman)
13. **Methodologies for Agent Oriented Software Engineering I** (Padgham, Shehory & Sterling)
14. **Methodologies for Agent-Oriented Software Engineering II** (Padgham, Shehory & Sterling)
15. **E-Commerce** (Juan Antonio Rodriguez)
16. **Programming Languages for Multi-Agent Systems Part I** (Dastani, Bordini & van Riemsdijk)
17. **Programming Languages for Multi-Agent Systems Part II** (Dastani, Bordini & van Riemsdijk)
18. **Multi-Agent Manufacturing Control and Coordination** (Valckenaers)
19. **Computational Models for Argumentation in Multi-Agent Systems** (Simari & Chesñevar)
20. **Robotics** (Parsons & Sklar)
21. **Agent System Development** (Pechoucek & Rollo)

**COURSES**

Write the name of the course you attended in the space provided.

**a) Name of course attended:** .....

i) *Was the presentation clear?*

1       2       3       4

ii) *Was this course useful?*

1       2       3       4

iii) *What did you enjoy about the course?*

.....  
 .....

iv) *Could anything be improved?*

.....  
 .....

v) *Other comments?*

.....  
 .....

**b) Name of course attended:** .....

i) *Was the presentation clear?*

1       2       3       4

ii) *Was this course useful?*

1       2       3       4

iii) *What did you enjoy about the course?*

.....  
.....

iv) *Could anything be improved?*

.....  
.....  
.....

v) *Other comments?*

.....  
.....  
.....

**c) Name of course attended:** .....

i) *Was the presentation clear?*

1       2       3       4

ii) *Was this course useful?*

1       2       3       4

iii) *What did you enjoy about the course?*

.....  
.....

iv) *Could anything be improved?*

.....  
.....  
.....

v) *Other comments?*

.....  
.....  
.....

**d) Name of course attended:** .....

i) *Was the presentation clear?*

1       2       3       4

ii) *Was this course useful?*

1       2       3       4

iii) *What did you enjoy about the course?*

.....  
.....

iv) *Could anything be improved?*

.....  
.....  
.....

v) *Other comments?*

.....  
.....  
.....

**e) Name of course attended:** .....

i) *Was the presentation clear?*

1       2       3       4

ii) *Was this course useful?*

1       2       3       4

iii) *What did you enjoy about the course?*

.....  
.....

iv) *Could anything be improved?*

.....  
.....  
.....

v) *Other comments?*

.....  
.....  
.....

**f) Name of course attended:** .....

i) *Was the presentation clear?*

1       2       3       4

ii) *Was this course useful?*

1       2       3       4

iii) *What did you enjoy about the course?*

.....  
.....

iv) *Could anything be improved?*

.....  
.....  
.....

v) *Other comments?*

.....  
.....  
.....

**g) Name of course attended:** .....

i) *Was the presentation clear?*

1       2       3       4

ii) *Was this course useful?*

1       2       3       4

iii) *What did you enjoy about the course?*

.....  
.....

iv) *Could anything be improved?*

.....  
.....  
.....

v) *Other comments?*

.....  
.....  
.....

**h) Name of course attended:** .....

i) *Was the presentation clear?*

1       2       3       4

ii) *Was this course useful?*

1       2       3       4

iii) *What did you enjoy about the course?*

.....  
.....

iv) *Could anything be improved?*

.....  
.....  
.....

v) *Other comments?*

.....  
.....  
.....

**i) Name of course attended:** .....

i) *Was the presentation clear?*

1       2       3       4

ii) *Was this course useful?*

1       2       3       4

iii) *What did you enjoy about the course?*

.....  
.....

iv) *Could anything be improved?*

.....  
.....  
.....

v) *Other comments?*

.....  
.....  
.....

**j) Name of course attended:** .....

i) *Was the presentation clear?*

1       2       3       4

ii) *Was this course useful?*

1       2       3       4

iii) *What did you enjoy about the course?*

.....  
.....

iv) *Could anything be improved?*

.....  
.....  
.....

v) *Other comments?*
